

What is claimed is:

28. A system for playing a casino game comprising:

a betting cards display for displaying cards from a deck of playing cards as betting cards, wherein said playing cards have at least one of an integer value, a face value, a suit, a color and a parity;

a bet recorder for recording at least one gaming bet from a player, wherein said gaming bet includes a choice by said player of a number n of said betting cards for each of said at least one gaming bet;

a random card selector for drawing at random from said deck of playing cards a payout-determining card, wherein said payout determining card is any one card of said deck of playing cards;

a payout calculator for calculating a payout for said player using said payout determining card for each of said at least one gaming bet, said payout amounting to $48/n$ when said payout-determining card matches one of said betting cards chosen, and said payout amounting to zero when said payout-determining card does not match any of said betting cards chosen.

29. The system as claimed in claim 28, wherein said gaming bet is only recorded by said bet recorder when $48/n$ is an integer, said payout being calculated as an integer amount.

30. The system as claimed in claim 28, wherein said number n of said betting cards represents all of said betting cards of a same face value.

31. The system as claimed in claim 28, wherein said number n of said betting cards represents all of said betting cards in a same suit.

32. The system as claimed in claim 28, wherein said number n of said betting cards represents all of said betting cards in one of :
a same face value; and

a same suit.

33. The system as claimed in claim 28, wherein said number n of said betting cards represents all of said betting cards in one of :

a same range of face values;

a same color; and

a same parity.

34. The system as claimed in claim 28, wherein said number n of said betting cards represents all betting cards in one of :

a same face value;

a same suit;

a same range of face values;

a same color; and

a same parity.

35. The system as claimed in claim 28, further comprising a securing bet recorder for recording a securing bet from said player, said securing bet including a choice by said player of a number s of said playing cards as bet securing cards, wherein said bet securing cards allow said player to modify a casino house income ratio.

36. The system as claimed in claim 35, wherein when said payout-determining card matches one of said s bet securing cards chosen by said player, said payout calculator calculates a payout of zero for said player and said bet recorder returns said gaming bet identifying a number n of playing cards made by said player to said player.

37. A system for playing a casino roulette game comprising:

a betting numbers display for displaying numbers from a set of roulette numbers, having at least roulette numbers 1 to 36 and 0, as betting numbers;

a betting numbers recorder for recording at least one gaming bet from a player, wherein said player chooses a series n of said betting numbers for each of said at least one gaming bet;

a bet securing numbers recorder for recording a securing bet from said player, wherein said player chooses a series s of said betting numbers as bet securing numbers, wherein said bet securing numbers allow said player to modify a casino house income ratio;

a random number selector for drawing, at random, from said set of roulette numbers, a payout-determining number, wherein said payout determining number is any one of said roulette numbers;

a payout calculator for calculating a payout for said player using said payout determining number for each of said at least one gaming bet, said payout amounting to $36/n$ when said payout-determining number matches one of said n betting numbers chosen, and said payout amounting to zero when said payout-determining number does not match any of said betting numbers chosen.

38. The system as claimed in claim 37, wherein when said payout-determining number matches one of said s bet securing numbers chosen by said player, said payout calculator calculates a payout amounting to zero for said player and said betting numbers recorder returning said gaming bet identifying a number n of betting numbers made by said player to said player.

39. The system as claimed in claim 28, further comprising an outside card identifier for identifying at least one card not chosen as betting cards from said deck of playing cards as at least one outside card.

40. The system as claimed in claim 39, wherein at least one of said at least one outside card is an all bets lose card, wherein a payout of zero is calculated for said player when said all bets lose card is drawn.

41. The system as claimed in claim 39, wherein at least one of said at least one outside card is a free turn card, wherein said gaming bet is returned to said player when said free turn card is drawn.

42. The system as claimed in claim 39, wherein said gaming bet is only recorded when $48/n$ is an integer, said payout being an integer amount.

43. The system as claimed in claim 42, wherein said at least one outside card is one card from each of four of said suits and said number $n = 12$ of said betting cards chooses all of said betting cards in a same suit.

44. The system as claimed in claim 42, wherein said at least one outside card is four cards of odd parity so that said number $n = 24$ of said betting cards identifies all of said betting cards of same parity.

45. The system as claimed in claim 42, wherein said at least one outside card is four cards of a same face value so that said number $n = 24$ of said betting cards identifies all of said betting cards in a same range of face values of one of two ranges of face values lower or higher than face value 7.

46. The system as claimed in claim 42, wherein said at least one outside card is four cards having a face value of 7 and two jokers from a deck of fifty-four playing cards.

47. The system as claimed in claim 28, further comprising a game surface having areas corresponding to said cards and arranged in a geometric pattern.

48. The system as claimed in claim 47, wherein said number n of cards is identified by a geometrical characteristic of said game surface geometric pattern.

49. The system as claimed in claim 48, further comprising a betting marker positioned on said betting area identifying said geometrical characteristic on said game surface geometric pattern wherein said betting areas make up a play board.

50. The system as claimed in claim 49, wherein said number n is selected such that $48/n$ is an integer.

51. The system as claimed in claim 49, wherein said marker is positioned to sit on a border between two or more said betting areas to identify two or more of said betting areas.

52. The system as claimed in claim 28, further comprising an outside identifier for identifying at least one card of said outside cards as an all outside bets lose card.

53. The system as claimed in claim 28, further comprising a payout bank for forwarding said payout to said player.

54. The system as claimed in claim 37, further comprising a payout bank for forwarding said payout to said player.
